GENERAL INFORMATION

Malta is centrally located in the middle of the Mediterranean Sea, just south of Sicily. The Maltese archipelago consists of three islands: Malta, Gozo & Comino. Their total population is approximately 400,000. The largest island of the group is Malta from which the archipelago takes its name & which accounts for just over 90.5% of the population. Valletta, the capital, is the cultural, administrative & commercial centre of the archipelago.

Malta is well served with harbours, the main international ports being the Valletta Grand Harbour & the Port of Marsaxlokk. The second largest island is Gozo which can be reached from Malta by ferry from the ports of Ċirkewwa & Marsamxett or by seaplane from the port of Valletta. Gozo has one port – Mgarr.

Maritime activity centres around the two main Malta ports, Valletta and Marsaxlokk, although a number of other ports occasionally host ships on international voyages, usually passenger vessels. Both are capable of providing a comprehensive package of maritime services including towage, salvage, pilotage, victualling and provisions of all kinds of stores and supplies.
